Physicians attending this program will receive current information on a diversity of medical topics pertinent to patient care in a Family Practice setting. Subject materials were chosen based on assessed needs, future trends, and relevance to quality patient care. At program conclusion, registrants will have a working and applicable understanding of the topics presented and will be provided with written materials for future reference provided by each speaker. This meeting will also allow for residents, medical students, Family Physicians, educators, and faculty to interact academically, professionally, and socially.

Commercial Support/Disclosure

It is the policy of the Arkansas Academy of Family Physicians to ensure balance, independence, objectivity, and scientific rigor in this educational program. All faculty participating in this program are expected to disclose any associated or apparent conflicts of interest that may affect or be related to his/her presentation. Disclosures are available upon request.
